H&H Enterprises  
Attention: Mr. Ed Hamilton  
6355 Sunset Corporate Drive  
Las Vegas, NV 89120

Dear Mr. Hamilton,

Primex Plastics – Reedsburg Facility has received certification from our raw material suppliers that the following virgin grade products 5400, 5600 and 5900 using PCN 105P meet the following certifications.

RoHS compliance  
CONEG compliance  
California Prop 65 compliance  
FDA compliance  
Canadian Chemical Management Plan compliance  
Does not contain latex or natural rubber compounds  
Does not contain Genetically Modified Organisms  
Does not contain Bisphenol A  
Does not contain Brominated Flame Retardants  
Does not contain Ozone depleting Chemicals  
Does not contain Phthalates  
Does not contain PCBs

Primex Plastics – Reedsburg Facility does not intentionally add any additives during the manufacture of your product that would deviate from these specifications. Primex Plastics – Reedsburg Facility maintains lot traceability for each virgin order.

Sincerely,

Corena Underwood  
Quality Assurance Manager
